Dear Mr D' Silva,

Rishad Neuroji: Birds of Prey

We have scheduled this book for next year and require all material for it by February 1999 at the very latest. I understand you are preparing the colour illustrations. I'd be grateful if you could go by the schedule above and let us have your pictures by early February. It takes a great deal of time to edit and produce bird-books as you know, and we are very keen to publish it without delays. Your pictures are crucial to it and receiving them by February would greatly facilitate our work and enable us to bring the book out on time.

Best wishes,

Anuradha Roy

Dear Ms. Roy

Thank you for your fax of 27/11 seen only yesterday as I was out of town for a while.

Work is progressing steadily on the plates for the book and all should be ready by end February after corrections.

I am also quite keen to get it out of the way myself!

Best wishes

Carl
