Dear Dr. JOSHI

I am happy to inform you that our department is organising a National Symposium on Biophysics with special reference to BIOMACROMOLECULES. The highlight of the symposium is that Prof. Robert Huber, Nobel Laureate who is spending some time in the department as C.V. Raman Visiting Professor of this University has consented to deliver the Conference address and take part in the deliberations.

You may be aware that Prof. V.S.R. Rao is retiring sometime during 1991. In view of this, the Local Organising Committee felt it appropriate to hold a session in honour of him during one of the days of the symposium in recognition of his outstanding contributions to Biophysics.

I am writing specially to you as a former student of Prof. V.S.R. Rao to participate in the symposium by presenting a paper and personally felicitate Prof. V.S.R. Rao. The Local Organizing Committee will try to provide you with local hospitality during the days of the symposium. I request you to procure travel funds from your own resources.

Some of us also felt to present a memento to Prof. V.S.R. Rao as a token of appreciation by his former students. I shall be very happy to hear from you at the earliest.

With best regards,

Yours sincerely

(N. YATHINDRA)  
(CONVENER)

Dear Dr. Joshi,

Kindly arrange to send the  
list of former and current students  
of Prof. VSR Rao. I am particularly  
interested in those who worked  
with him at I.I. Sc.

Please write to me quickly  
your views. Thank you  
Zalath
