Dear Doctor Krishnan,

You will certainly remember that at the first session of the Executive Committee in The Hague in 1954 it was agreed on the Board's suggestion to authorize the Indian National Committee to pay during the years 1955 to 1957 an annual subscription of 3 units instead of 8 with 3 votes at the Executive Committee and at the General Assembly.

Last September we received from the High Commissioner for India in London a payment in the sum of Belgian Francs.14.521,-- representing the annual subscription of India for the year 1955. This sum is equivalent only to two units.

You will understand that as Secretary General of the Union it is my duty to take care that the resolutions and decisions of the Executive Committee and of the General Assembly are carried out and I wonder whether you could help in this matter.

In thanking you for the consideration you will certainly give to my letter,

I remain,

Very sincerely yours,  
The Secretary General,

All the members of the Bureau of I.C.S.U. felt rather sorry not to have you amongst us in London.

Dear Sir Krishnan,

I was very pleased to receive from Dr Berkner copy of the letter by which you told him you were recovering.

I was very sorry to hear of your illness which did not allow you to attend our Boulder meeting. I suppose you learned that your proposal concerning the modification to the scale of subscription was unanimously agreed.

With my best wishes for a complete recovering,

Yours sincerely,

The Secretary General.

Sir KS. Krishnan,
