Dear Sir,

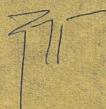

I had sent a subscription to the Newsletter For Birdwatchers in January 1986 for the Jan-Dec 1986 year. My M.O. Receipt No. was 3505 (for Rs 15/-) and I have your acknowledgement of receipt of the amount on 16th Jan '86.

I have received just one issue of the Newsletter to date. This is the Jan-Feb 1986 (Vol. XXVI No. 1 & 2) issue. Kindly send me the rest of the issues of this volume at the earliest.

Also advice regarding any new subscription rates.

Thanking You

Dear Sir,

A friend and i are compiling a checklist of the birds of Andhra Pradesh. We propose to publish it and wish to include a bibliography at the end. A bibliography has been compiled also. Below are given the names of a couple of papers which had appeared in older issues of the Newsletter, and which we have referred from elsewhere. Could you please have the mentioned papers xeroxed and sent to me? I am willing to pay the necessary xeroxing and postage charges.

- 2) Price, T.D. (1976): Studies in the Eastern Ghats. - NFBW - 16:11:11.

Dear Sir,

I have received the May-June 1987 issue of the Newsletter and going through the Editorial read about your difficulty with "maintaining the subscription list in order, and up to date, and look after the posting". I could help you with the first half of the work, though i do not know how i could post the Newsletters from Hyderabad. The postage involved in sending all the Newsletters to me here and then my posting them would be prohibitive. Anyway, i do not think i will be able to post them.

Let me tell you how i will be able to help with maintaining and sending you printed address labels of subscribers. I have a home computer which will very easily store information regarding the subscribers' address and whether he has paid the subscription for the current year. If he has, then a label of his address is printed, if not, the label is not printed. Feeding the information to the computer will take up some time initially, every year. But for the rest of the year i will be able to output printed addresses for you. These i intend to mail to your office before a date specified by you. You will however have to send me the addresses of those persons who have paid subscriptions for the current year. I suggest that you do the posting from Bangalore. The addresses will be printed on computer paper (which is ruled) or on its reverse (blank white), which ever you prefer. They will be alphabetically listed, according to the surnames (but the printed address will have the first name preceding the surname!) and will have enough space around them for having them cut into separate addresses. Just like the address labels you stick on the envelopes now.

Regarding the 'up to date' -ness of a list. My list will be up to date as i will print labels of only those addresses which you send me, which will be of persons who have paid their current years' subscription. It would be most helpful if you do not accept subscription for 2 or more years in one time. But if such is not avoidable, then i might be able to sort it out.

Please let me know what you think of this letter and the idea it contains. Also make suggestions where necessary.

Thanking You,

Y. S.

BANGALORE - 560 047

Dear Mr. Futehally,

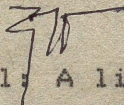

I am enclosing a computer printout of 220 addresses (all the addresses which were on the list you sent me with your letter dated 8th instant). If there are any more to be fed into the computer and printed, do send them post-haste because i do not know when i can squeeze time to do this work.

About the list i am enclosing, you will see that the addresses are alphabetically printed (by last name). Also, in some addresses (which are comparatively smaller than others) there are blank lines between the address and the city and state lines. This has happened because i have to give the computer a constant pattern into which i feed the data. Here i had to make a pattern suited to the larger addresses, otherwise they would not fit into a pattern. Hence the gaps. I do not think they will look bad when cut into labels.

Please let me know your thoughts regarding the same.

I have received the reprints i had requested of 2 old articles from the Newsletter and thank you for the same.

Yours sincerely

Dear Ashish Pithe

I have just received your letter of 21st July
and the addresses of Newsletter subscribers. They
will serve my purpose admirably.

I will
work
on this

But, since the Computer is such a clever
machine, can these be organised STATE wise
as per the original sheets which I sent you.
If that cannot be done easily, ignore this request.

I am sending you a few additional
addresses for incorporation. I presume you
can send me FOUR sets of these print outs
to last me for the current year.

Sorry!

I was in Hyderabad on the 27th / 28th

and telephoned to you, early morning
but you were not available.

By the way, is it necessary to Register
the Newsletter with any Government
authority? Do you register yours?

I have a letter from the Dept. of Info.
& Publicity, Govt of Karnataka, referring to the
Newspaper & Book Regulation Act of 1867, under
which certain formalities have to be done.

Again MANY thanks for your assistance

Zofar Zubairi

Mr Zafar Futehally

BANGALORE - 560 047

Dear Mr. Futehally,

Thank you for yours of 30/7/1987. I am extremely glad that the address labels will suit your purpose well.

I note your desire to have a list printed statewise. This is my wish also. But i would like to try it after some time, as i am not quite familiar with the programme yet. I have incorporated the new addresses and corrected those for which letters of rectification had come (and which letters you had sent me with your above letter). I am returning these letters and M.O. chits. In future, could you please instruct what should be done with such enclosures?

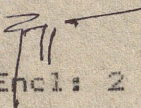

You have requested for 4 copies of the labels, but i am enclosing only 2. This is because if you receive any further correction-letters or additions, etc., i can add these to the list and send you an updated one. Perhaps it would be a good idea to ask the members to send in their correct address on a postcard and you send them over to me for clarification with the list on the computer. Please let me know your opinion about this.

I am sorry i missed you on the 27th and 28th. I would have enjoyed a meeting! Next time perhaps!

Regarding registering the Newsletter, I think it is necessary to get it registered if you do not print FOR PRIVATE CIRCULATION ONLY inside. However, registration results in some substantial benefits like postal rate reduction!

P.T.O.

Yours sincerely

Dear Aasheesh Pittie,

Thank you very much for your letter of 3rd August, and for the printed addresses for the Newsletter subscribers. This has been a great help to me. Perhaps in future, you could think of a Statewise list, but there is no hurry about it.

I will ^{keep} get in touch with you and perhaps I will be in Hyderabad again at the end of the month.

Yours sincerely,

My dear Aasheesh,

I wanted to ask you a few questions about your print-outs for the Newsletter for Birdwatchers.

Last time you sent me two print-outs and I have used one of them for the July-August issue. You must have received a copy. I thought both print-outs would be identical in all respects, but I find that one of them is slightly different. For example, the addresses of some of the subscribers are not in the same sequence in both the issues. How does this happen? I am just curious to know because I thought that your computer would produce identical material.

I am sending you a few more addresses and would be grateful if these are incorporated, and if you would be so kind as to send me two more lists of addresses :

- already exists* →
- officer-in-charge*
1. Desert Regional Station,
Zoological Survey of India,

 2. Wellham Boys' School,

 3. Mr. S.G. Neginhal, IFS (Retd), - (New address. Old address
643, 9th Main, 2nd Cross, to be changed.)
Basaveshwaranagara III Stage,
BANGALORE - 560 079

Could you please send me the attached list of addresses relating to foreign subscribers, on a separate sheet of paper? Thanks.

I have been wondering whether all of us who are producing separate Newsletters should get together to bring out one combined issue in 1988 as a gesture of cooperation. If it works, we can make a similar effort from time to time. What do you think?

Yours sincerely,

Zafar

Dear Mr Futehally,

I am in receipt of your letter dated 10th instant.

The change in sequence of addresses in the last printout that i sent you was due to the additions of addresses and also due to the changes in addresses which i had incorporated. The computer stores addresses alphabetically and any additions/alterations are adjusted in the list according to the alphabetical order. Otherwise, a slight difference may have occurred due to misalignment of the paper when fed into the printer.

I am enclosing 2 copies of the addresses of foreign subscribers on separate sheets, as per your request.

Of the five local addresses which you have asked me to add to the list, 2 i have included in the list. The other 3 addresses already exist in the programme and were printed in the lists i sent you earlier. The label for (1) Desert Regional Station is addressed to the Officer-in-Charge in my list. That for (2) Central Arid Zone Research Inst., is addressed to 'The Director'. And that for (3) P. Prabhat Menon also exists as 'Menon, P. Prabhat'. Mr Neginhal's new address has been incorporated.

I am sending 2 copies of the address label list.

It is a good idea to bring out a joint issue of various clubs' newsletters in 1988. I shall discuss it with other members and let you know the opinion.

Y.S.

Dear Mr. Aasheesh Pittie,

I wish to trouble you again and I hope you will not mind too much.

Could you kindly send me two sets of addresses of subscribers to the Newsletter. The attached list of addresses have to be added.

Kindly remove the name of Ramesh S.T. who has been transferred. I will deal with his new address myself.

Could I have this list by about the 15th of this month, to enable me to post the November-December issues.

Wishing you a Happy New Year, and thanking you again for your assistance.

Dear Mr Futehally,

Thank you for your letter of 4th instant.

You will be pleased to learn that i have finally been able to print the addresses according to the States - as you had desired in earlier letters. I hope that the 2 lists which i am enclosing suit your purpose. There are a few mistakes which i have struck out with red ink.

I am also including 2 lists of the foreign subscribers.

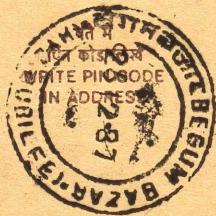

In the list of additions which you attached to yours of the 4th, there are 2 persons whose addresses i have on the computer already. But their addresses in your letter are different. I have altered their addresses on the computer accordingly. These are Mr Sanjay Karkare and Mr U N Dev. Please clarify address of Mr T S Srinivasa whose name in your letter has a note appended "(to be retained, address changed)".

If i can be of any further help please do write.

Yours faithfully

Encl: as above.
