Dear Prof. Gadgil,

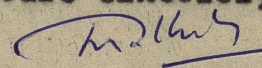

As a part of the training programme at our Institute, the students of Diploma Course in Population Studies (DPS) undertake every year a study tour to visit various organisations/institutions in India, engaged in research in the field of population and related areas. Your organisation has always extended co-operation to us in this respect and our students on study tour have availed of the facilities provided by your organisation in the past. I am writing this to solicit your co-operation and help for this year's study tour to South India which is scheduled from 29th October to 6th November 1992.

... A batch of 25 DPS students of our Institute will visit various Institutions in Goa, Bangalore and Madras during the period 29/10/92 to 6/11/92, as per the programme, enclosed herewith. The students will be accompanied by Dr. Sumati Kulkarni, Professor, Dept. of Development Studies of this Institute. I shall be thankful if you can arrange a suitable lecture/discussion programme for our students, which would help them to get acquainted with the activities of your organisation. A copy of the programme and a list of students are enclosed herewith. I hope the date and time indicated in the programme for your Institute will suit you. (2nd Nov. afternoon)

Kindly acknowledge the receipt of this letter and convey your convenience and confirmation of the programme at your earliest.

Looking forward to hearing from you soon and with warm personal regards.

Yours sincerely,

(Prof. K. B. Pathak)
Ag. Director
