P.S.

The visit to the Centre was most heartwarming - I was happy to see a dream fulfilled - since the days of Magasary award. I hope and wish that those who come to work there realize the <sup>great</sup> opportunity for creative endeavours, with your inspiring support - and new challenges of the oncoming new Century - How to renew & how to cast off the old ageing 20th Century's disabilities behind -  
Regards UK.

*Success...*

is to be *measured* not so much by the position that one has *reached* in life, as by the obstacles which one has *overcome* while trying to succeed, you were able to *accomplish* your goal because you *dared* to dream and had the *courage* to pursue it, the climb to the top was not so easy, but you managed to *fulfil* your ambitions because you *believed* in them, and gave in your best.

*You've  
done it!*
