

Analytical Division
Atomic Energy Establishment Trombay
Government of India

No. SPEC/1/2463.

Bombay 28,
September 10, 1960.

Dear Shri Chougule,

I am returning the enclosures sent along with your letter No.10/27/60-Tech.I dated September 6, 1960 My views are as follows:

It is well-known that the sentiments and hopes expressed by Dr Alladi Ramakrishnan are now commonly held in the country. As a matter of fact, there are at present, two Research Fellows of the Department - one senior and one junior - working with him.

The present request of Dr Alladi Ramakrishnan in respect of Shri K. Venkatesan can be met within the framework of existing facilities by treating the proposal in question as a research project under him. This may have to be processed in the usual way through the Physics Advisory Committee and the Board of Research in Nuclear Science.

Immediately, however, I am prepared to recommend that the project be accepted for three years and a Research Assistant be sanctioned on a suitable salary to be decided by a Selection Committee in the usual grade. The interview may be held in Madras but should include one member nominated by the Department.

Yours sincerely,

Sd/-
(R.K. Asundi)

Encl: as above.

Shri B.K. Chougule,
Under Secretary,
DAE., Bombay.

Dear Shri Chougule,

I have received your

DO No. 10/27/60-Tech I of Sep. 16 enclosing
the papers of Sri K. Venkatesan, working with
Professor Alladi Ramakrishnan.

I support strongly the proposal
to create a post of a Senior Research
Assistant in the grade of Rs 250-25-500 and to
the appointment of Sri Venkatesan against this
from 1-10-1960
post. Herewith I am returning the papers

Yours sincerely

Under Secretary.

GOVERNMENT OF INDIA
DEPARTMENT OF ATOMIC ENERGY
APOLLO PIER ROAD
BOMBAY 1.

D.O. No. 10/27/60-Tech.I

September 16, 1960.

Dear Dr Krishnan,

17 SEP 1960

I enclose in original a letter dated 30th July 1960 along with its connected papers received from Dr Alladi Ramakrishnan, Professor of Physics, University of Madras, in regard to a research project entitled (i) 'A study of the resonances in low-energy pion-nucleon interaction' (ii) 'Non-perturbative approach to field theoretic problems' and (iii) "Strong Interactions!" As we are already in the middle of the current financial year, to save time, it was considered more expeditious to obtain advice of the Chairman of the Advisory Committee. Accordingly the proposal was referred to Dr R.K. Asundi, Chairman, Physics Advisory Committee and a copy of his letter No. SPEC/1/2463 dated 10th September, 1960 in reply is also attached.

2. It will be seen that the project has been recommended by Dr R.K. Asundi for three years in the first instance to be met within the frame work of existing facilities as a research project, the financial commitment on the part of this Department being limited to the creation of the post of Senior Research Assistant in the grade of Rs 250-25-500 and the appointment thereto of Shri K. Venkatesen on a suitable basic salary.

3. I shall be grateful if you will kindly let us have your advice, as soon as possible, to enable the Department to take further action in the matter.

4. The enclosures sent herewith may please be returned when done with.

Yours sincerely,

Chougule
(B.K. Chougule)

Dear Dr Krishnan,

Kindly refer to my d.o. letter of
even number dated 16th September 1960, regarding
Dr Alladi Ramakrishnan's proposal for a new
research project. I shall be grateful for your
advice as soon as possible.

Yours sincerely,

Chougule

Dated November 30, 1960

Dear Dr Krishnan,

Kindly refer to the correspondence resting with my d.o. letter of even number dated October 29, 1960 regarding the two research projects which were considered at the last meeting of the Board of Research in Nuclear Science. I shall be grateful if you will kindly let us have your recommendations at an early date.

Yours sincerely,

Chougule
