Dear Dr Krishnan,

The Ministry of Defence have asked me to let you know that the National Defence Academy regret that they cannot hold their Science Day on the 4th of June. This is due to the fact that a few days thereafter the course will break up for its holidays and that the whole of the intervening period has to be devoted to preparations for their passing out parade and related ceremonies.

The Commandant is extremely sorry that it has not been possible to fix a day suitable to you, but he hopes that he may perhaps be able to do so in September, if you will be kind enough to honour them with a visit during that month.

Yours sincerely,

J.H. Wilkinson.
