Poona-7,
January 10, 1966.

Dear Sir,

It is indeed quite a long time since you left our department. I am told that at present you are a Professor in Bangalore under the U.G.C. scheme. I am sure that you are keeping the best of health in your own place.

I am glad to inform you that Mrs. Raja Rao and my son, named Ch. Harish are keeping good health by the Grace of God and by the blessings of elders like you.

The object in writing this letter is this: With the support and advice of Dr. V.S. Huzurbazar, I have written to the chairmen of the Departments of Mathematics of some universities in U.S.A for a Visiting Asst Professor's appointment from the next academic year commencing Sept 1966. Some of them have given hopeful replies and have asked me to send more information regarding my educational, research and teaching qualifications. I have sent this information. They have further asked me to arrange to send reference letters from persons acquainted with my career. Since you

know me thoroughly well over a number of years and recently as the Lok. Titak Professor in our department for about five years, may I request you to write a strong and favourable recommendation letter to these chairmen! They are:

- 1) Prof. Harvey Cohn
Dept. of Mathematics
University of Arizona
Tucson, ARIZONA, U.S.A.
- 2) Prof. H.C. FRYER
Dept. of statistics
Kansas State University
Manhattan, Kansas, U.S.A.
- 3) Prof. K. J. Arnold
Dept. of statistics & Probability,
Michigan State University
East Lansing, Michigan, U.S.A.

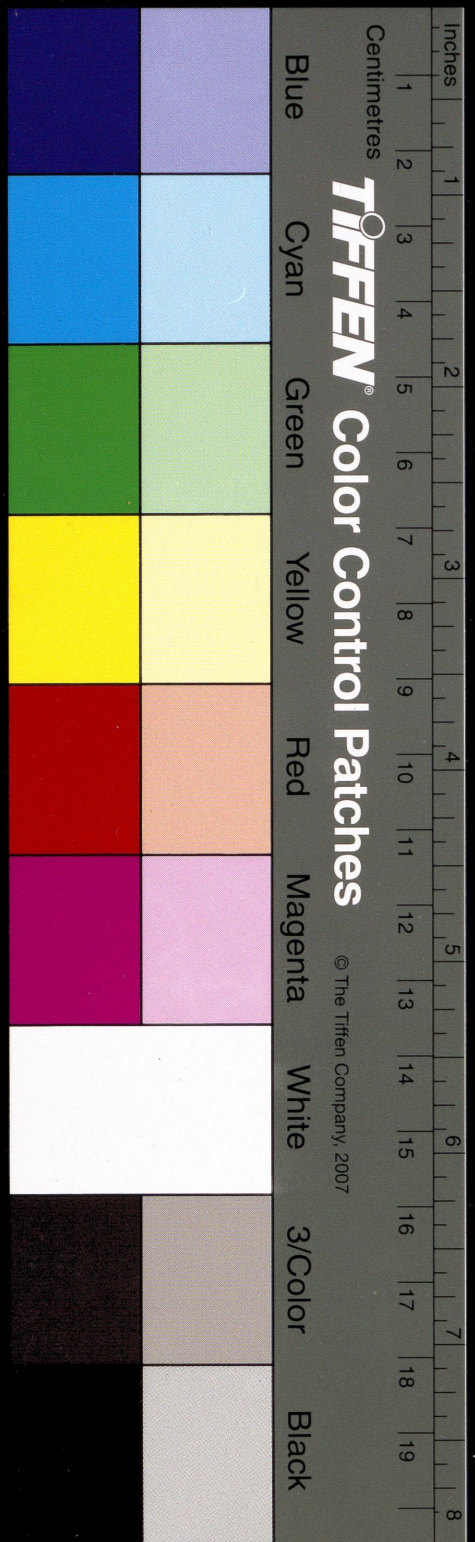

Write Air Mail
letters to all these
three @ 1.40 each
& also replies to
Raja Rao.

Special subject.

Ph.D. 1959 - Mathematical Statistics -
guide: Dr. V.S. Huzurbazar - University of Poona -
Dissertation: "Contributions to the theory of
statistical estimation".

Eight research papers published so far -
Two are under consideration -

Taught the M.A & M.Sc classes since 1959.
Courses taught: Statistical inference -
Multivariate Analysis - Nonparametric Methods,
Mathematical Methods of statistics -

I shall be much grateful if you
can despatch these letters in about a
week.

Thanking you,
Yours respectfully,

B. Raja Rao

Dear Prof. -

It is with much pleasure that I write this note on
behalf of Mr. B. Raja Rao, who was my colleague in the Dept of
Maths & Stat. in the Univ. of Poona, while I was Prof. of App. Math there
from 1960 to 1965. He has had a brilliant academic career, and
followed it up by doing very useful research on several topics
in Statistics. He is specially interested in Stat. Inf., Mult. Anal & non par.
methods, and the subject of his thesis for the Ph.D. was Stat. Estimation. He is
a very successful teacher, and a keen research worker. I have no doubt he
will acquit himself very well if given a chance to work in your Dept. He has
no other commitments.

Respected Sir,

I am in receipt of your letter of January 31, 1966. I thank you for sending strong recommendations about me to the three Professors Cohn, Fryer, Arnold. I am very optimistic that I will succeed with blessings from you. I shall certainly inform you as soon as I will receive a positive reply from any of these Professors.

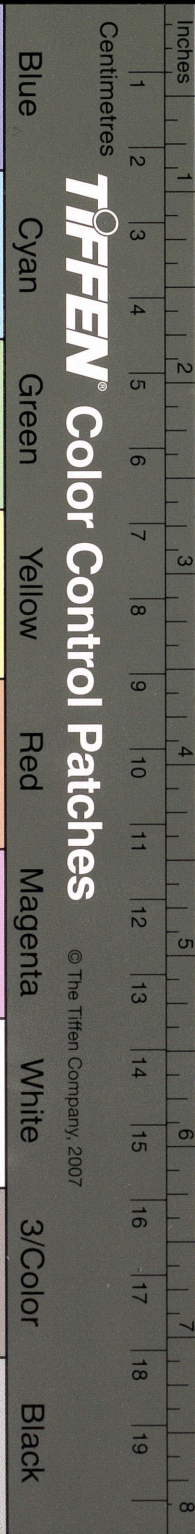

I have conveyed your compliments to Dr Huzurbazar and to all my colleagues in the department. They all join me in conveying to you best respects.

Thanking you,

Respectfully Yours

Raja Rao
