DATE Palghat, 10--9--36. 193 .

Dear Dr Krishna Ayyangar,

I received a circular just as you may have, from the Honourary Secretary to the Indian Science Congress Association to propose two members on the Executive ^{Committee} ~~Council~~ and the other to the Council. I find that I am in the Council. I do not know when I am appointed. I should like to be a member in the Committee. You can propose my name and get another to second or support it. I trust that you will do this and let me know. I am now engaged in the preparation of the manuscripts for a volume on the Ethnology of Coorg. I hope that you are flourishing well,

With kind regards
Yours sincerely

L.K. Anantha Krishna Iyer
