My dear Krishnan,

This is to introduce good friends of ours, Mr & Mrs Harry A. Gibbon, who are making a brief stop at Delhi on their way from Indonesia to U.S.A.

Mr Gibbon, being a high executive of the Standard Vacuum Oil Company, is a geologist, and I have suggested a visit to our National Physical Laboratory to him, so that he might get an idea of what we are doing for the future. I am sure you will be good enough to show Mr. & Mrs. Gibbon round, and will

find them as charming as we have
found them.

With best wishes,

Yours sincerely,
August Dyal
