Bangalore
Karnataka

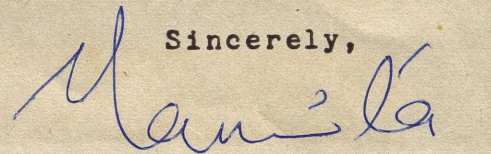

Dear Dr. Joshi,

The Tata Energy Research Institute launched an International Journal of Energy in the beginning of 1987. This journal has an international board of editors and concentrates mainly on the energy scene in the South East Asian countries. Since you are on our mailing list, and have been receiving our regular publications, we seek this opportunity to ask for assistance in promoting this journal. We are sending you a brochure which provides information about the journal and also carries a subscription form. We trust your Departmental library would surely be interested in subscribing to this journal. Kindly let us know your response so that we can send you the first issue of the journal for your perusal.

Looking forward to hearing from you.

With regards,

Sincerely,

(NAMITA BHATIA) - 0
