- =====
- 1). Highest principle : Only healthy people are happy people !

 - 2). Health care must be done immediately !
Health care is for fighting against diseases and healing of illnesses means of by medicines, natural drugs and other assisting actions.

 - 3). Health provision should be done for long time.
It is impossible to provide a big crowd of people with great quantities of medicines for a longer time.
Therefor : Prevention of diseases is much better and cheaper than fighting and healing.

 - 4). We, the "India Help Organisation" would like to help you by explaining and learning the relationship between cause and action and to are able to take steps accordingly.

 - 5). Very useful for this purpose are posters with pictures and words explaining in a simple, clear and impressive manner relationship and proposals for actions.
May be a translation in country language is necessary!

 - 6). The Health Provision Program should be spread to a broad public espacially in Kindergardens, preschools (Balwadi), schools, centers for training and education, workshops, health centers and hospitals.

 - 7). The posters with pictures and words should be fixed good visible and should be explained by teachers, doctors and their helper.

 - 8). The posters with pictures and words comprehend and describe the most important life areas of the human : Water, nutrition and housings.

 - 9). The posters with pictures and words show 2 alternative ways :
A red marked "Wrong Way" leading to diseases and illness and a green marked "Right Way" leading to health.

I hope for your cooperation and thank you very much for your endeavours!
