Dear Dr. Saheb,

You must be remembering me from Allahabad. I have also met you once at Delhi. On retirement I left U.P & have settled down in Madras.

You must be remembering Mr. Veeraffa Mudaliar of Banaras. He started a Fund abt. 15 years & if I remember right you took abt Rs 1000 worth shares in it just as I did myself. The Fund has not been thriving well to my knowledge. Further, I have received no balance sheets & annual accounts for the past 4 or 5 years. I have been writing to Mudaliar for the past 4 years & he has not vouchsafed any reply official or private. About 3 years ago when he visited me here, he informed

me that there was nothing wrong with it, that it had a good future and there was no fear about the money invested in it.

I write to inquire if you have heard anything from Indalia about the fund & its working & whether you still hold the shares. I have been watching with great pleasure & pride the outstanding work that you have been doing & the appreciations received and the valuable results achieved and with many many more years of successful work in the field of Science.

Trusting this finds every one in your family in the best of health & with kind & respectful regards

Yours truly
L. Lambarelli
