

of Chemical Science and the same may be made easier henceforth for the students of Chemistry. There are many more points of the same Science which have been solved by me to make the subject easy and interesting. Your honour may publish my article with the change of language in any magazine at your disposal. May I expect reply of yours most faithfully and your opinion on it. Yours Ch. Saha

From — Arun Chandra Guha
correspondence clerk
Staff No. 9A, Road Coudm.
Deptt, Laldighi, Berhampore
Dt. Murshidabad.

To Dr. K. S. Krishnan, Director, National
Physical Laboratory.

Sir, May I draw your attention to a letter enclosed
therewith my article "Gleanings in the evolution
of Solar System" which dealt with some common
acids and metals under this system including
that of our dear world. I may be allowed here
to remind your honour about my said
article and have your wise opinion and
verdict on all the points raised therein.
Presumably my article will bring about a new
outlook and a new vision for review
