20th January 1959.

27 JAN 1959

Dr. K.S. Krishnan,
The National Physical Laboratory,
Hillside Road,
New Delhi 12.

Dear Sir:

The South Indian Association, Bombay, which is one of the pioneers in the field of social service, was started in 1925 with the specific object of fostering a spirit of unity among, and promoting the social, moral, cultural, educational, physical and material welfare of, the community in this part of the country.

With these objects in view the Association has been conducting a free reading room and library, study classes, lectures, seminars and symposia on topics of general interest and it also engaged itself in imparting training in art, culture and handicrafts, indoor and outdoor games and free legal advice.

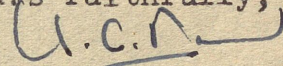

In view of the increase of South Indian population in this area, the Association hopes that it will have to cover a much wider field of activity in the future. In order to enable the Association to take up this major task, it should have a place of its own. With this object in view, a grand Bharata Natyam recital by a troupe of talented artistes has been arranged during the 1st week of March 1959. On this occasion it is proposed to bring out an attractive Souvenir containing interesting and authentic articles, review of the activities of the Association, detailed information about the programme etc.

We feel that a message of good wishes from you

- 2 -

on this occasion will be of immense value and a source of encouragement to us. The Souvenir will be sent to the press by about the end of this month and we would request you to send us your message as soon as possible for which act of kindness we will ever remain grateful.

Yours faithfully,

(K.C. Ramán)
Vice-Chairman.
