Dear Prof. Joshi,

I have received from Prof. Ramasarma, your comments on the manuscript "Monte Carlo simulation of photon scattering in biological tissue models". This paper was submitted to IJBB for publication as part of the proceedings of a symposium held in November 1998 at JNU on low level electromagnetic radiation in biological systems. We are very grateful to you for sparing your valuable time to scrutinise the manuscript. Your comments help us greatly in proceeding further with the work.

Thanking you again and with best regards,

Yours sincerely,

K.M. Haridas
