(5) Prof A. Cotton

Professeur à la Faculté des Sciences

Paris (France)

Les collaborateurs de M. P. WEISS seraient heureux de recevoir des tirages à part des travaux concernant le magnétisme et les questions connexes (corps solide, structure, etc.).

Ils seraient très reconnaissants aux auteurs s'ils voulaient bien envoyer quelques exemplaires (3 ou 4) au laboratoire. Ceux-ci pourraient être adressés à M. R. FORRER, Institut de Physique, 3, rue de l'Université à Strasbourg, qui se chargerait de la répartition.
