Dr. M.S. Swaminathan,  
Director General,  
International Rice Research Institute,  
P.O. Box 933, Manila,  
Philippines

Dear Dr. Swaminathan,

It is with regret that I have learned of your departure from IRRI in the near future.

During your tenure as the Director General of IRRI, you have steadfastly continued to help the upliftment of rice research and production in Sri Lanka. The present level of achievement in rice research and production in Sri Lanka is undoubtedly a reflection of the valuable contribution that your institution has made under your enlightened leadership and guidance.

On behalf of the Department of Agriculture in Sri Lanka I would like to express my sincere gratitude for all the services and help you have provided for the rice and cropping systems development program and also wish you a very productive future in your new sphere of activity.

I look forward to continued association with you.

My best wishes to you and your family.

Yours sincerely,

Dr. Irwin Gunawardena  
Director of Agriculture
