PRIME MINISTER'S SECRETARIAT
NEW DELHI

1st September 1949.

My dear Dr. Krishnan,

Many thanks for your letter No. AEC/3(1)-B-49, dated the 27th August 1949. I have mentioned it to the Prime Minister and I have also told him that you are likely to visit Calcutta soon.

I shall be grateful if, at your next visit to Calcutta, you will inspect the building of the Institute of Nuclear Physics and let me have your personal reactions to the question I asked yesterday. The draft letter put up by Gonsalves might be sent to the Registrar, Calcutta University, together with an enquiry as to whether and how the grant of Rs. 3.5 lakhs already made, has been expended.

Yours sincerely,

AvPan'
