Dr. Kenton R. Miller
Director General
IUCN
World Conservation Centre
1196 Gland

17 November 1985

Dear Kenton,

I am happy to inform you that the IUCN Council, at its meeting on 14-15 November 1985, unanimously decided to offer you another term of three years as Director General of IUCN, as from 1 July 1986. This decision of the Council is a clear expression of its confidence in your dedication to the cause and work of IUCN and your capacity to provide the kind of leadership that the organization requires.

Let me add my own words of congratulations to you on this well-deserved expression of confidence by the Council.

It has been a pleasure working with you and also travelling with you during the past year. I have every confidence that under your leadership, the Staff of IUCN will continue to give of their best for the cause which is so important in today's world and which is so dear to all of us.

Please also convey my congratulations to Susan and to your son and daughter, but for whose loving and continuous encouragement and attention you would not have been able to accomplish all that you have.

With my best wishes.

Yours sincerely,

M. S. Swaminathan
President
