

Government of Gujarat
Commissioner of Departmental Enquires
18th March 1995

Kr. Fateh Singh Jasol, IAS
Commissioner & Ex-Officio
Additional Chief Secretary

Dear Dr. Sankaran,

What a pleasant surprise to receive the status paper on the Nicobar Megapode, and that too so soon after the excellent publication on the Lesser Florican. Thank you for having me on the SACON mailing list. All your friends will be greatly relieved that the unfortunate bout with phalsiparum did not carry you off into extinction!

The paper has just arrived today. Obviously, I haven't read it yet, but I thought it right to at least acknowledge it before the Sunday holiday and the distractions of the new week made even that difficult. The paper looks great, and a few of the photographs are excellent. More on this later, if I have anything worthwhile to say. Meanwhile of course, I have certainly to say thank you so please take that as having been said.

With Regards,

Your's Sincerely,

(Fateh Singh)

Dr. R Sankaran,
SACON, Coimbatore.
