MINISTER
SCIENTIFIC RESEARCH AND CULTURAL AFFAIRS, INDIA,
NEW DELHI.

13th August 1958.

My dear Dr. Krishnan,

I am very happy to say that the Government of India have decided to appoint you as a National Professor with effect from the 15th August 1958. The appointment is for five years in the first instance but it is likely that it will be renewed.

Thacker had told me once that you had thought of resigning from the Directorship of the National Physical Laboratory. It would however take some time to find your successor and I hope you will continue to act as the Director till at least Thacker's return. You are also a member of the Atomic Energy Commission and I see no objection to your continuing as such.

It has been decided that you will continue to draw your present salary so long as you are a member of the Atomic Energy Commission.

We are making the announcement about your appointment on the 15th of August but you may choose the date on which you wish to take up your new appointment.

My congratulations.

Yours sincerely,

(Humayun Kabir).

Dr. K.S.Krishnan,
Director, National Physical Laboratory,
NEW DELHI.
