Respected Sir,

I hope you remember that I met you last year with a request that I may kindly be recommended for higher studies. I am very grateful to you for having agreed to do so. You even gave me a draft of the letter of recommendation. I gratefully remember that day. But circumstances did not permit me to go ahead with my plan that time. It had to be postponed to this year much against my wish.

This year, I hope to do it. At least, if nothing else happens, I will have the satisfaction of having tried to improve my status in the academic field. So, with your blessing in this respect, I would like to make an all out effort in securing admission and teaching assistantship.

As a first step, I have sent up the application for admission to Michigan Univ, Ann Arbor, Michigan, where my colleague Sri. M.K. Vamana Murthy is working for his Ph.D.

For assistantship also I have applied and much depends upon the recommendations of my professors. I hope I carry your confidence, and blessings. I have got your draft letter typed and you may kindly go through it and if you feel that it needs any change, please let me know, I will send another. If, as I hope, you feel that it is agreeable, I request you to affix your signature and send it on to the Chairman, Dept. of Mathematics, Univ. of Michigan. I hope I will be pardoned for the trouble I might give you time and again for this purpose.

I hope this finds you in good health and cheer. With grateful and sincere regards,

I am yours obediently

25. 11. 66.

your generosity life long. I do not know if
I am transgressing my limits as an old student
of yours, but I have a feeling that you will
not refuse me this kindness. Let me assure
you that I will not leave any stone unturned
in deserving that which I am desiring. I will
do my best to see that you do not get a bad
name on my account.

With regards and
respect, I remain,
yours obediently
K. Anand
