LLOYD V. BERKNER
350 FIFTH AVENUE
NEW YORK CITY

March 15, 1957

Dear Dr. Krishnan,

Because you were so extremely kind to us during our recent visit to New Dehli, I want to thank you personally.

Certainly you did everything to make our stay a never to be forgotten experience. I so enjoyed the dinner at your club and loved watching the lovely ladies dancing , their sari's look so gracefull.

Lloyd and I had a wonderful trip and it was made more enjoyable because of all the good friends we had along the way. We were lucky too and kept well and could then eat all the exciting foods of the different countries.

We found our daughter Phyllis in the best of health and happy to have us home. Lloyd went to her school to give a lecture, He said talking to three hundred girls was about the hardest job he has had to do.

Do you plan on attending the Boulder meeting? If so it will be fun seeing you again. And you know that no matter when you do ~~come~~ come to the States a warm welcome awaits you in our home.

With all good wishes,

Sincerely,

Lillian J. Berkner
