Sept,

Dear Dr. Krishnan -

The SPACE issue is scheduled to go to press at the End of this month. I must have your article by then. You will recall that it is to deal with "Movement into space and International Cooperation". It should be about 4000 words in length. All the other material is in. Your article will complete the issue. You had promised to send it last month. Please let me have it by the third week. You must admit I have waited patiently for it!

With best regards

R Kapur
