Dear Prof. Sreekantan,

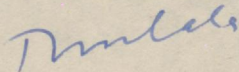

As you lay down your office today, may I send a word of appreciation to you for the cooperation that you have extended to the Trust and to myself in the last few years. It has been a pleasure associating with you and I hope that even occasionally our paths will cross again.

I am delighted that you have been honoured with the First Ramanujan Award. I hope your work in Cosmic Rays will flourish.

With kind regards,

Yours sincerely,

Prof. B. V. Sreekantan,
