23 Dec, '48

My dear Sir Krishnan -

I am leaving here on December 28, and will reach Delhi on December 31st - by Pan American Airlines

Then will go with you and your colleagues to the Indian Science Congress, Allahabad. I am coming especially to see you and all our sweetest and learn from them about Science in India. I shall have to be back by the middle of February - such is "job slavery!" - My love and every wish for your continued success -

Fraternally ever  
Gobind Behan Lal
