Vidyasagar College

Department of Physics

Calcutta, 11.3.1940.

My dear Prof. Krishnan,

I should like to introduce the bearer of this letter, the Secretary of the Science Society of our College who intends to request you to preside over the annual function of this Society this year. I hope you will kindly find a suitable time from your busy daily programme to come over here to lend us your distinguished company. Further in this connection I would like to suggest that it has become a custom with the Presidents to dwell on a popular topic (Scientific) suitable for the Under graduate Students. I hope you will not disappoint us.

I take this opportunity again to congratulate you on the unique achievement for which every Indian should be proud.

with best wishes.

Yours Sincerely,
Harendra Prasad.
