UNIVERSITY: DEPARTEMENT OF THEORETICAL PHYSICS.
DIREKTOR: PROF. R. ORTVAY.

BUDAPEST, VIII., MUZEUM-KÖRÚT 6-8.
(UNGARN, HUNGARY)

16th December, 1936

Dear Professor Krishnan,

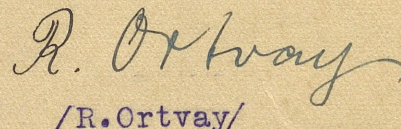

As Prof. Sommerfeld had the kindness to send me your kind letter from the 3rd December 1936, allow me to express my thanks for your welcome, and I enclose a short itinerary of my trip in India and also some addresses that you may be able to communicate with me.

I arrive at Colombo by SS. "Potsdam" on the 2nd January, and I am very sorry that I am not able to participate on the Indian Science Congress in Hyderabad, but it is impossible if I wish to see Ceylon first. I must leave Calcutta latest on 5th March, if I am otherwise not able to reach the SS. "Kulmerland" at Singapore for which I have booked a cabin.

It would be for me a very great pleasure to meet you and your colleagues in Calcutta.

With the best wishes for the New Year

Yours truly

/R. Ortway/

Prof. K. S. Krishnan

210, Bowbazar Street

Calcutta
