Dear Prof. Swaminathan,

In 1997/98 you had proposed the following names for the fellowship of the Academy.

1. R.J. Ranjit Daniels (updated in 1998)

We are writing to find out whether you would like to update the nomination by sending us copies of the latest biodata, list of publications, reprints, etc. If so, please let us know **urgently** so that we can return the papers available with us. You can then send the required number of copies of the updated material to the Academy office **before 30 April 1999** for circulation to the sectional committee members.

Please send your reply by email if possible. If we do not hear from you by 10 April, may we assume that the papers available in the Academy can be made use of for circulation?

With best regards,

Yours sincerely,

G. Madhavan
Executive Secretary

Prof. Ranjit Daniels*

If the updating does not involve preparing the papers afresh but only a few additions in the list of publications and highlights of the recent research contributions of the nominee, you could send (a) ten copies of this additional information as a one-page addendum to the original nomination papers and (b) one set of reprints of the new research papers.
