INDIA

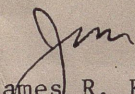

Dear Madhav:

We have finally been able to cast our 1987 budget and can thus commit some funds to support a visit to our facility by your colleagues -- Drs. Sukumar and Joshi.

We can provide a sum not to exceed \$5,000 for their travel and other costs, including \$175.00 per person per week for accommodations on BCI. Please contact us as soon as possible about proposed travel dates. We expect Steve Hubbell to be in Panama from about 25 Jan to 1 March. In any case we could not accommodate them on BCI before 25 Jan when Sue Williams will return to Panama from vacation.

I enjoyed having the opportunity to get reacquainted on your recent visit. Next time I hope your schedule will allow a longer visit.

Best regards,

James R. Karr
Deputy Director
