

CONFIDENTIAL.

Dr. B. B. Dey, D.Sc., (Lond.), F.I.C., I.E.S.
Ag. Director of Public Instruction.

D.O.No.127/44.

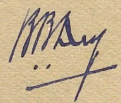

M a d r a s, 10th May 1944.

Dear Dr. Krishnan,

There is likely to be a vacancy in the post of Professor of Physics in the Presidency College, Madras, in a ^{very} short time. These posts, as you know, are usually filled by departmental promotion; but I am trying to make a strong case for filling the post by direct recruitment on special terms. Please let me know if you would care to be considered for the post if a salary of Rs.1,000/- per mensem be offered by Government on a contract basis?

Hoping you are doing well,

with kind regards,
Yours sincerely,

Dr. K.S. Krishnan, F.R.S.,
Professor of Physics,
The University, Allahabad. U.P.

DR. B. B. DEY, D.Sc. (LOND.), F.I.C., I.E.S.
PRINCIPAL & PROFESSOR OF CHEMISTRY.

PRESIDENCY COLLEGE
MADRAS.

16th Oct 1943

Dear Prof. Krishnan,

I am sending you in a separate packet about 12 grams of desiccated beef thyroid for oral use. On chemical assay it has been found to contain 0.95% total iodine and 0.39% thyroxine iodine. About the dosage of the powder, your physician must be in a position to prescribe.

It will give me great pleasure if you will kindly accept this as a present from this laboratory, in admiration of the contributions you have made towards the advancement of science.

Yours sincerely,
