My dear Arun;

Mina and I are very grateful to you and Archana for your greetings on the occasion of the weddings of Soumya and Madhura. I hope both of you are keeping well and that the planning for the next Science Congress is proceeding well.

It was a pleasure meeting you both at Dhaka. You had then inquired about the presidentship of the Indian **Sciencel** Science Academy. You are most welcome to propose me in case this will be *the* desire of the Executive Committee. I enclose an updated CV for your use.

We have started a project in Calcutta on Integrated Pest Management in Deepwater Rice. I may come to Calcutta in connection with this project and I shall call on you both in case you are in Calcutta at that time. I also enclose a copy of a seminar I gave on "Enhancing Rigor and Relevance in IRRI's Research."

With my best regards.

Yours sincerely,
