Prof. J. Fück
Frankfurt.

~~At Carl~~

Dear Mr Langley,

Just to show how small
a world it is, I have just met
in Carlisle station waiting room one
of your Dacca colleagues Professor
Krishnan, who is on his way
to Edinburgh, and tells me he
is going to see you. We have
been talking about Dacca and
Oxford.

I am on my way north for
the vac, so will be able to tell
Dad about our meeting

Yours

Gordon Hector.

51, Forest Road,
Aberdeen.

March 28,

Dear Professor Krishnan,

I gather that the professor
of physics at Aberdeen University
is:- Professor J. A. Carroll, residing
at 12, Westfield Terrace, Aberdeen.

Should you be visiting Aberdeen,
my father would be very glad to
meet you, if you would come
along here some afternoon or
evening.

Yours sincerely,
Gordon Hector.
