Dear Miss Krishnaja,

I am sorry to have to tell you that I see no possibility to offer you a postdoctoral position in our Institute. The reason why my answer took so long is that I inquired with other departments of the GSF to find out whether they had any room or money available. I was not successful.

Enclosed you will find a number of reprints which might be of interest to you.

Again, I am sorry that I could not be of any help.  
All my best wishes for your scientific future,  
sincerely

  
Ilse-Dore Adler
