Dear Dr. Krishnan,

Many thanks for your letter dated 20th February 1937. I understood from Nalinaksha Babu that you wanted the sum of £ 25/- to be sent to you immediately and I wrote to the Bank accordingly. It should have been sent to you by yesterday's mail. In case of need I shall be glad to be of help and you may inform Mrs. Krishnan accordingly. In connection with your salary I have instructed the office to send you the amount on the 1st day of each month through the Imperial Bank of India and to send a statement regarding the amount. It is necessary to have a certificate from you that you are alive. This purpose will be met if you acknowledge the receipt of the statement and of the remittance.

with kindest regards,
Yours sincerely,

J. N. Mukherjee

Dear Dr. Krishnan,

On enquiry from the Income Tax Officer and from Mr. J. N. Basu I find that it will be necessary to deduct the incometax from your salary for the present.

Firstly we have to deduct the amount on account of your loan, secondly on account of the Provident Fund contributions, thirdly on account of your loan from the Provident Fund and lastly the incometax.

I understand you will be entitled to apply for refund of the amount of your salary you receive abroad. A statement regarding the amount is enclosed herewith.

Yours sincerely,

J. N. Mukherjee

My dear Prof. Krishnan,

I think I should inform you about the causes for the great delay in remitting to you the amount to your credit with the Science Association Employees' Provident Fund. As you know all our securities are lodged in the safe custody of the Imperial Bank of India, the securities department of which has been removed from Calcutta to ~~Cawnpore~~ ~~Campore~~. Considerable delay has occurred in correspondence with the Bank and also with the authorities of the Post Office.

I have however recently received a letter from the Calcutta Branch of the Imperial Bank of India that they have already taken steps to realise the money.

Yours sincerely,

J. N. Mukherjee
Honorary Secretary.
