Dear Dr. Krishnan,

I would like to introduce to you Mr.V.S.Natarajan a friend and contemporary of mine at the Presidency College with a distinguished record in Physics Honours. He has been conducting his own business in electrical goods and appliances. He thus combines with his background of scientific education practical experience in managing his own electrical and other business.

I shall be very much obliged if you can spare a few minutes to listen to him.

With kind regards,

Yours sincerely,

S. Jagannathan
