

VS Notes

1989

PUGWASIA

SURAJ KUMI

CONFERENCE ON

NON-MILITARY THREATS

TO SECURITY

NOVEMBER 22-24, 1989

Kolblat: Europe } Mil. confrontation is declining
"East-West" confrontation declining
°° Non-military problems ^{increasing} to the fore.

US Comment:
Collusion bet US/USSR
to screw tw.

Subramanian

Threat next only to Nue-War
— 'Environment' through global climatic change —

— Intertwinedness in
the sub-issues of non-military threats
— Developed nations would reduce
CO₂ emissions by 50%.

West-Europe > 15% of GNP — CO₂ Emission
up by 70%

Non-military dimensions-co-operation
needed.

Poonaperuma — "environmental
refugees"

We have to
change our
energy habits

From Global

warming

→ Maldives → 1 metre
rise in
Indian ocean

Israel JREN — Detente reduces the
"renaissance" of the "foes".
Collision between the great powers. This
is a new danger.

Yashpal By 2050 — life-style has to
change how
is the question.

Dying bio-logical diversity & Can
we think of a "global public-wealth".

Arnold? Seminar (IV) Nov 23, 89 (Monday)

AP

1972: Shanghai Declaration (Chks text of this vs)

1966 Technological Corp of 10/77: South-South.

↳ ~~mediate~~ Co-op

G 77: Technology suppliers to the rest of
New technological forces.

Intermediate step?

K. Sub. No supra-national loyalty

Significant Corps within large blocs
aligned with the North against "heavens"
South.

↳ Tech. Hegemony is a Non-Military Threat.

MIT Lester Thurow - Aspirer for a US state

Sponsored/ Directed Industrial Policy

Industrial output
30% - midstay
Down to 10%

Arbatov interview about 1 year ago
on Dordorokan. - Lower MIT in US & USA.

Spin-off - Users.

Intellectual Property as basis of new political economy.

May tech. focus →

North - South
East - West.

Intra-OECD
Intra-~~OECD~~
CONBRON

Egypt
Prof. GATT - Labour, land, Capital. But
something was missing.

Prof. of Medicine.

40% of imports into US are under
some kind of US import control.

No 'tech transfer' - what was happening was
"tech. visits".

1972: LICs realised that they are not really
in a position to negotiate.
[We never refused to pay a fair
price; we only insisted to be
told in full, what we are
getting for that fair price]

Settlement of disputes - This is skewed
~~to~~ (LIC law and LIC judges) in favour of DCs.

OLKOV - ^{oil - event} 'Conversion' in USSR in hands
of a military committee!
← This is self preserving

Yash Pal:

No country should suffer psychological trauma if it is not "first in the world" in some areas.

Arya

New reward system for SC community if they co-operate South South.

Nitin [Desai]

CO₂ - CFCs. It is not rates but cumulative consumption which matters. In this, ELDCs <<< SDCs for a very long time to come.

An environmental problem never arises unless there is an injustice somewhere.

Arya (Thai) → Dam projects in Thailand stopped. [ask for details]

VS: Legitimation

When is an issue an issue?

[301] VS does this

[Inter-connection]
