Attn: Dr. B.B. Murthy, Director

Dear Sir(s):

A Catalog Exhibit and Film Show on U.S. Industrial Process Controls will be held at the American Library, 24 Kasturba Gandhi Marg, New Delhi 110001 on May 7-9, 1979. I cordially invite you and your colleagues to attend the Exhibit.

Some 90 U.S. companies will display the latest technology and developments in sensing and measuring instruments, converters, transmitters, controllers, computerized systems, data display instrumentation and devices, final control elements, industrial laboratory instrumentation, and parts and attachments.

Mr. Peter J. Brennan, Editorial Director of "International Instrumentation" magazine, will be available to answer inquiries. He has vast experience and knowledge of the industrial process controls field.

In addition, we plan to show several interesting films on industrial process controls.

I believe you will find the Exhibit to be interesting and informative. If you have any questions, please contact Mr. R. P. Sachdeva, telephone 690351 x. 223 in the Commercial Section, U.S. Embassy.

I look forward to seeing you at the Exhibit.

Sincerely yours,

A handwritten signature in dark ink, appearing to read "L. Richard Jackson".
