Dear professor,

I am doing well and hope to hear the same of you and your people in Bangalore. Respects to you from your dear student K. Ramachandra. I was very much worried about the floods in poona and about your safety. I came to know that the university in poona was at a higher level and was not affected by floods. I would like to see you personally some time when I come to Bangalore in october, and enquire about your safety. I hope you are doing well
