Dear Dr. Miss Krishnaja,

In reply of your letter of March 24, it is regret to inform you that the organizing committee of Third International Conference on Environmental Mutagens has no special system to waive the registration fee.

However, I would like to advise you that the registration fee shall be paid at the registration desk after your arrival.

I will accept pre-registration fee for you as the special case, because you have sent a letter indicating the problem of foreign money exchange.

Sincerely yours,

Taijiro Matsushima, Ph.D.
Treasurer

TM/KK

Replied on 29-11-81

Dear Dr. Matsushima,

Thank you very much for your letter of April 21st 1981, for which I had already sent you a reply. Subsequently on May 9th I received a letter from the Tokyo local committee chairman (Dr. T. Kawachi) intimating me of the acceptance of my paper for presentation at the kind ICAM. With this I am trying my best exploring the possibilities of financial assistance to go to Tokyo.

My efforts at this end indicate that if I can combine a short-term programme along with this chances for obtaining financial assistance may be bright. I am therefore making a personal request to you with great reluctance lest I may be misunderstood of making undue demands on your kindness. I shall be extremely grateful if you can explore the possibilities of getting me a short assignment.

of having for two to three months or
better still, a post-doctoral assignment at
your esteemed institution with ~~financial~~
assistance for local maintenance. I am
sending this enclosing my bio-data for
your information and kind action.

I once again request you to pardon me
for making repeated requests in one
way or the other.

Thanking you and with kind regards.

Yours Sincerely,

I ~~have been following~~ the activities of
your group as seen from the publications ^{and} ~~one~~
indicate that ^{such an assignment} I shall be greatly benefited
in furtherance of my studies:

To
Dr. Matsushima, T.
Dept. of Molecular Biology
Institute of Medical Sciences
University of Tokyo, Tokyo, Japan.

RE: Request for paying the registration fee for the Third International Conference on Environmental Mutagens.

Dear Colleague:

The program of the Third International Conference on Environmental Mutagens is now being finalized and will be processed for printing in July. At this moment, please let me remind you that we have not yet received your registration fee for the conference. As is mentioned in the third circular, all the persons who wish to present papers at the conference are requested to pay the registration fees. We would appreciate it very much if you would send the amount shown on page 9 of the third circular at your earliest convenience. If you are unable to forward the fee to us before the conference, please let us know. We will be happy to receive it at the time of the conference. In case you have sent the registration form and/or abstract dated before March 31, the amount corresponding to that by March 31 can be applied.

We would be glad to have your response to this matter not later than July 15. If we have not heard from you by this date, we might not be able to include the title or the abstract of your presentation in the conference publications.

In case you have already sent the fee, please disregard this letter.

We appreciate your kind cooperation.

With best regards.

P.S. Please send immediately Form A (Registration Form) also. Otherwise we could not accept your manuscript.

Sincerely yours,

Taijiro Matsushima
Treasurer
