Dear Aasheesh,

I wonder whether you can tell me where Darakondah and Gorge Valley are. Both should be close to Visakhapatnam, and you might already know about them. What is the vegetation of these places like, and how accessible are they?

Waiten KSR Kishna Raju.

Also, would you happen to know where Cauverypuram is? This is from an old paper, so the current name may either be different or spelt differently. Would like to have the coordinates for this locality.

Thanks in advance!

Did you receive a previous email with a photo wish list of Indian reptiles?

Best wishes,

Indraneil
