Mr N. N. Chatterjee, Mr. L. M. S. has on
his return from abroad, been officiating
as Off. Librarian from 16.8.51.
I have known Mr Chatterjee well for
a number of years & consider him to
be a very competent Librarian. He
has improved further as a result
of his visit to various libraries
in Europe & I have no hesitation
in saying that he is one of
the best qualified Librarians available

for our spec. library.

This envelope & serial
print reports included, Russia is
a annex to the library.

During the period he has been with us I have formed a high opinion of Dr Kohli's technical ~~ability~~ ^{knowledge} ~~ability~~ & his ability to organise & carry out a research project.

He has been running the Dula millstone which is engaged on the important problem of bread, mill, & wheat very satisfactorily.

He has an excellent command of the best of knowledge.
