Dear Dr. Swaminathan:

By way of introduction, I am now working with Al Clausi to help build awareness of the World Food Prize. I look forward to meeting you before long. The reading I have done in the past few months has given me great respect for your accomplishments.

It is our intention to give your acceptance speech wider circulation. For this purpose, I have taken the liberty of editing it to shorten it by about 20 percent. Most of the changes are in the first half of the speech.

I've enclosed a newly typed, edited version along with the copy I marked up, so you can see the changes I've made. At your earliest convenience, please look these over and note any further changes you would like made. Thank you.

Best regards,

*Michael Mudd*
