Professor Sir K.S. Krishnan
c/o National Academy of Sciences
Washington, D.C.

Dear Krishnan:

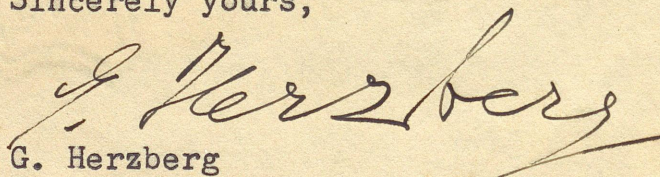

This is just to remind you of our discussion with regard to your visit here.

If I remember it correctly you were going to come up here on October 8, talk to our group on that day and stay another day in Ottawa. I am making a hotel reservation for you at the Chateau Laurier, which is the hotel to which the airline limousine will take you. On looking over the timetable of Eastern Airlines I notice that there is a morning flight from Washington to Montreal leaving Washington at 8.00 a.m. on flight 44 and arriving in Montreal at 11.00 a.m. In Montreal you would have to change to TCA flight V343 at 12.15 and arrive in Ottawa at 12.55 p.m. The only direct connection between Washington and Ottawa is Eastern Airlines flight 52 which leaves Washington at 5.10 and arrives in Ottawa at 8.09 p.m. If you can manage to come the night before the 8th this would be a rather better connection, but in that case please let me know so that I can change the hotel reservation.

I hope you are having an interesting meeting in Washington.

Looking forward to seeing you here, I am, with kindest regards,

Sincerely yours,

G. Herzberg

JF

* I just hear that there may be difficulty in getting a hotel reservation on the 7th but somehow we can find you up if you are able to come earlier.
