Dear Shri *Swaminathan,*

I am grateful to you for remembering me at the time of your departure to take-over the present assignment. It was a co-incidence that when I received your letter of 2 April, 1982 I was going through the Report of the Expert Group headed by you on Programmes for Alleviation of Poverty. The report has a pragmatic approach and action points to fight the menace of poverty have well been attended to in it.

I am sure that there would be more opportunities when we shall be able to work together and the State of Rajasthan will continue to get your valuable advice.

Yours sincerely,

Shiv Charan Mathur
