My dear Hashim,

I've been meaning to write to you since I got the enclosed information, but speaking to Capt. sahab has been catalytic. You'd be in Delhi he said - where mail reaches fast!

Well, a friend in America has recommended by name to QUESTERS TOURS AND TRAVELS INC., for their tour in India later in the year. In his letter he writes, "Since they are just launching this tour you could assist them in planning for the best locations seasonally etc., again, don't feel obligated on my behalf, and certainly make sure you're sufficiently compensated."

I am enclosing Questers' pamphlet. They would like to have the bio-data of the friend my friend recommended.

Go ahead if you are interested. You write to Alice Chin.

Rest is fine. When is your next trip down here?

Sincerely,

encl: as above.
