My dear Dr. Reddy

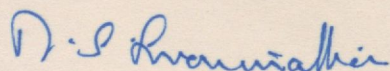

I thank you very much for your letter of January 27th.

I am requesting Dr. B.P. Ghildyal to make the necessary arrangements for your travel to Cairo.

I wish you a very useful stay in Egypt.

With warm regards

Yours sincerely

M.S. SWAMINATHAN

Dr. A.P.K. Reddy,
Sr.Plant Pathologist & Head
Dept.of Plant Pathology.

January 27, 1988.

My dear Sir,

I thank you for your kind letter dated January 19, 1988.

ICAR has given me necessary clearance for taking up the new assignment in Egypt with effect from 1st January 1988. I am very much grateful to you for extending all necessary help.

IRRI-scientists, Dr. Bonman and Dr. Ahn, who visited DRR in connection with a mini-IRTP blast monitoring tour to South India, suggested that if possible I should spend some time at IRRI before leaving to Egypt. However, I have to attend the workshop on 'Bacterial Blight of Rice' at IRRI from 14-18 March, 1988. Either two weeks prior to workshop or after workshop, I should be able to spend some time with IRRI Plant Pathologists. This experience might be helpful for my new assignment.

By the end of February, I will be able to complete all the works on hand. Therefore, I seek your kind advice in this regard to plan my travel schedule through IRRI liaison office, New Delhi.

With warm personal regards,

Yours sincerely,

A.P.K. Reddy
