From

Dr.Bawa Kartar Singh,M.A.,Sc.D.(Cantab & Dublin)
F.R.I.C.,I.E.S.(Retd.)Hony.Professor of Organic
Chemistry, & Associate Director, P.U.Institute of
Chemistry, Lahore.

Replied 10/6/47

My dear Sir K.S.Krishnan,

Many thanks for your very kind and welcomed letter of February 14, which I am sorry to say has remained unreplied owing to various causes more especially ~~of~~ on account of recent disturbances in these parts. The situation is now under control and matters are improving but the tension is still there and one does not know what may happen till the political situation gets settled.

I am ~~pity~~ busy with work though find great difficulty in obtaining things as they are unobtainable both here and abroad. I have 7 M.Sc. students doing research in Organic Chemistry besides 4 old research scholars of mine from Allahabad, who joined me here. There are also 2 or 3 other part-time demonstrators who work with me. I am ~~insisted~~ assisted in this work by my Lecturer. So you will see I am ~~pity~~ pretty busy. I am quite happy otherwise but I really do not know how long I have to stay here as nothing has been settled as yet.

How is Allahabad now? I understood that some arrangements for Emerti Professors work were being worked out. I shall be glad to know what arrangements have been made and whether they will apply to me. Please remember me to Dr.Shri Ranjan and other friends, Hope you are doing well. Do give me all news about yourself and about your work in Europe.

My son is appearing in the Intermediate Science next month from the F.C.College, I wish him to join ~~for~~ on Engineering College ~~and~~ for which he is also keen.

Give my wife's and my regards to Lady Krishnan and love to children.

With kind regards and good wishes,

Yours very sincerely,

Bawa Kartar Singh

Sir K.S.Krishnan,
Kt.D.Sc.,F.R.S.
Head of the Department of Physics,
Allahabad
